Marine Academy Primary Remote Learning Framework Action Plan

This was taken from the DfE Remote Learning Guidance and Template.

We have made it into an Action Plan to ensure we are delivering what our children deserve.

Remote Learning Framework Action Plan

Remote Education Plan		
DfE Guidance	School Actions	Additional Information
There is a plan in place for remote education and a Senior Leader with overarching responsibility for the quality and delivery of remote education, including that provision meets expectations for remote education.	Miss Brunning (Assistant Headteacher) has been designated as the Remote Learning Leader and will Quality Assure Home Learning Packs (HLPs). All HLPs are sent to the Unit Leader for checking prior to being submitted to families.	To further develop our remote adjugation plan
The plan is underpinned by high expectations to provide the quality delivery of a planned curriculum for all (including vulnerable children and children with SEND), which is aligned as close as possible to the in-school curriculum.	HLPs are provided to children to ensure that all children are able to access learning regardless of home circumstances and device availability. As well as the hard copy, QR links are provided to pre-recorded lessons to facilitate home learning and transfer of knowledge in a blended learning approach. All children in school will be taught the same curriculum as the children at home. This is the same content that children would have been taught outside of the current conditions. SEND pupils to be given differentiated work if this is what they would receive in school.	To further develop our remote education plan the below has been shared/used: * Website Links guidance given to all families to supplement learning packs * Oak Academy * White Rose Maths * Times Table Rock Stars * Feedback provided through Year Group email address'

Communication		
DfE Guidance	School Actions	Additional Information
Governors, staff, parents and carers are aware of the school's approach and arrangements for remote education.	All governors, staff, parents and carers are aware of our approach and arrangements for remote learning. Governors attend a variety of Virtual Catch Ups and Assemblies to stay in contact.	Regular communication and updates are provided with any changes to the provision via letters, Xpressions and Facebook posts. Weekly phone calls to families made by a Year Group teacher. These are minuted to share information across year groups and with leaders.

Governors included in all correspondence
with parents e.g. letters, Xpressions
communication and social media posts.

All families access the year group email
addresses should they have any queries
about the HLPs or children's welfare.

Collation of information on a shared
document for all children where engagement
is RAG rated allowing for missing children to
be quickly identified and resolved by Unit
Leaders and Senior Leaders.

All vulnerable children present at school.

Staff updated promptly for any changes in
guidance or provision.

Monitoring and Evaluating		
DfE Guidance	School Actions	Additional Information
The school has systems in place to monitor the impact of remote education. This includes: * understanding the impact on staff workload and how to mitigate against it * staffing changes * having access to appropriate management information (such as staff and pupil sickness and absence data) to help the school respond to changing contexts	We have systems in place to monitor the impact of Remote Education, e.g. year group emails and shared documents with a RAG rating for every child weekly to monitor engagement. Any change in engagement or low response is followed up by a Senior Leader. A weekly engagement template is completed to show the percentage of children engaging with learning across the school. This is also broken down into disadvantaged and non-disadvantaged groups. All staff to work on a 2 week rota (one week in school, one week working from home). This allows for the teacher working from home to monitor emails, engage with remote learning feedback and prepare HLPs for the coming week. This gives staff an adequate amount of time to manage workload.	Two week rota in place. Regular communication with staff. Weekly unit meetings.

contact the additional sup- still in place whole Key necessary soc	e aware that they are able to heir Unit Leader if they need oport. Weekly unit meetings are as a time to connect with the y Stage team. This allows for itial interaction as well as sharing ion and a thorough hand over between teams.	
	s or circumstances dealt with on an individual basis.	

Home Environment		
DfE Guidance	School Actions	Additional Information
	We have adapted our remote education provision depending on pupil's home	
The school is aware of the learning environment in the home and works with	environment by providing paper learning packs to mitigate the problems that a lack of devices poses.	
parents and families to understand and ensure that pupils will be able to access education at home.	Pupils who might lack digital access to support the remote education provision will be supported by school by providing them	Laptops/iPads are supplied to families in need.
The school supports pupils on how to self-regulate during remote education, including:	with a laptop and internet access where appropriate. All families have had a survey filled in whilst	Data is supplied to families in need.
 understanding their strengths and weaknesses to improve their learning how to learn from home 	speaking to teachers to track the devices they have available to them and if we are able to support families further in any way.	Weekly phone calls in order to support children understand their strengths and weaknesses in order to improve learning.
how to manage their time during periods of isolation	All staff have been given advice as to how to support families feeling over whelmed at home.	
	Weekly phone calls involve speaking directly to children as well as parent/carers to ensure	

their well-being and keeping their morale	
high.	
Children are praised for positive activities	
outside of their learning packs to recognise	
the importance of engaging in activities that	
promote positive mental health.	

Laptops, Tablets and Internet Access		
DfE Guidance	School Actions	Additional Information
Where digital approaches are used, leaders are aware of any limitations to access to the internet, and suitable devices, for pupils which impact on remote education provision. Leaders have made suitable alternative arrangements to minimise the impact of these limitations, either by providing pupils with devices and/or internet access or ensuring appropriate offline provision where pupils without access are considered vulnerable and are expected to come into school.	We have adapted our remote education provision depending on pupil's home environment by providing paper HLPs, to all learners in the post, to mitigate the problems that a lack of devices poses. Pupils who might lack digital access to support the remote education provision will be supported by school by providing them with a laptop and internet access where appropriate. All families have had a survey filled in whilst speaking to teachers to track the devices they have available to them and if we are able to support families further in any way.	Survey results informed leaders as to the highest priority children who would benefit from being provided with a laptop. This included children who were having to share a device with a sibling or only have access to a small screen such as a phone rather than a tablet. Weekly phone calls by the teacher allow an insight into the devices being used and the suitability of this. This also allows parents to share any change of circumstances.

Supporting Children with Additional Needs		
DfE Guidance	School Actions	Additional Information
Children and young people with high needs, including disadvantaged pupils, SEND and vulnerable pupils, have the right structures and provision in place to help remote education.	Children with Academy Based Support Plans (IEPs) will be receiving differentiated work in line with their targets if they are unable to access the work that has been set for the rest of the class.	Weekly phone conversations allow teachers to ensure the children are accessing the learning adequately. Year group emails allow for families to raise
This includes guidance for parents and carers on how to effectively support remote	All vulnerable children are present in school.	any concerns or difficulties they may be having outside of these phone conversations.

education, and ensuring pupils have access	
to the right hardware and software to support	
their needs.	

Monitoring Engagement		
DfE Guidance	School Actions	Additional Information
The school has systems for checking whether pupils are engaging with their work, and informs parents and carers immediately where engagement is a concern.	Families have been asked to send in learning daily for teachers to respond to. All engagement logged on shared documents and monitored by Leaders to identify any children where engagement is a concern. Feedback given to children verbally on the phone and this is also a chance for children to raise any concerns for their learning. Parents informed via phone calls if engagement is a concern and strategies to put in place to encourage increased engagement.	Teachers to weekly phone calls to check any concerns around learning. Parents are aware they can contact staff in school at any time if need be via the year group emails. Children are encouraged to regularly attend the Virtual Catch Ups and end of week Starfish of the Week celebration assemblies.

Minimum Provision		
DfE Guidance	School Actions	Additional Information
	All pupils receive a HLP covering the following	
School sets work that is of equivalent length to	for a week:	
the core teaching pupils would receive in	5 x English	Staff are aware of remote education
school in an appropriate range of subjects,	5 x Maths	expectations from the Government.
and as a minimum:	5 x SPaG or Phonics	All staff plan from their normal Curriculum
Key stage 1: 3 hours a day, on	5 x Guided Reading	Maps for each subject.
average, across the school cohort,	5 x DEAR (Drop Everything and Read)	HLPs are monitored by Unit Leaders to ensure
with less for younger children	10 x Wider Curriculum	coverage across the Primary curriculum.
Key stage 2: 4 hours a day		coverage across me i minary comediam.
★ Key stages 3 and 4: 5 hours a day	Plus:	
	1 x Home Learning activity	

1 x Spelling list	
1 x Individual reading practice guidance	
This covers the full range of curriculum	
subjects that would normally be taught, as	
per the Marine Academy Primary Curriculum	
Мар.	

Curriculum Planning		
DfE Guidance	School Actions	Additional Information
The school has a clear, well-sequenced curriculum that supports pupils both in class and remotely. This could include a remote curriculum that is identical to the one taught in class, one that is similar but adapted or one that is completely different.	The remote curriculum provided is identical to that taught in the classroom and teachers are on hand to those learning remotely to offer further support or guidance where needed.	Remote learning CPD for all teaching staff. Regular guidance from leaders to develop remote learning practice. Home Learning Pack support. Oak Academy. White Rose Maths Times Tables Rock Stars.

Curriculum Delivery		
DfE Guidance	School Actions	Additional Information
The school has a system in place to support remote education, using curriculum-aligned,	Year group email addresses are used to support remote education, alongside weekly	
resources.	phone calls from teachers to families. Recorded lessons and DEAR sessions are	Recorded lessons
Where remote education is taking place, it should include recorded or live, direct teaching time from the school or other educational providers (such Oak National Academy), and time given for pupils to complete tasks and assignments independently.	accessed through out YouTube channel. This is our choice of digital platform to support remote education. Our remote learning includes recorded lessons, direct teaching time from other educational providers and time for children to complete the tasks.	White Rose Maths videos Daily DEAR sessions recorded by all members of school staff Live PE challenges for children to engage in Oak National Academy live lessons

The school uses a digital platform to support effective communication and accessibility for all pupils, including those with SEND.

The range of teaching styles allows for provision for all types of learners and is further differentiated where needed.

Assessment and Feedback		
DfE Guidance	School Actions	Additional Information
The school has a plan in place to gauge how well all pupils are progressing through the curriculum using questions and other suitable tasks. The school provides feedback, at least weekly, using digitally-facilitated or whole-class feedback where appropriate.	Feedback is provided within the working day when learning is submitted through the year group emails. Feedback is given to children during their weekly phone contact. Children are able to share learning they are proud of during the Virtual Catch Ups and also raise any questions about learning that they may have. Families are also able to access this feedback so that teachers are able to offer them support as to how they can maximise further progression at home. Children learning in school are given feedback as per the normal Academy Responding to Children's Learning Policy.	Weekly phone calls – feedback to parents. Emails feedback to the children and Class Dojo used to provide rewards. CPD for all teaching staff as to remote learning feedback strategies.

Effective Practice		
DfE Guidance	School Actions	Additional Information
Senior leaders are aware of all the guidance and ensure wider teaching/school staff are	Leaders regularly share guidance for further	Guidance shared from GOV.UK to support delivery of remote education. All subject leaders circulate supporting
aware of (and how to access) resources available to support remote teaching.	support available to supplement curriculum learning.	advice on how to meet curriculum needs remotely and any further resources that may support this.

Staff Capability		
DfE Guidance	School Actions	Additional Information

Staff have access to the digital resources and tools (for example, textbooks, workbooks, platforms, devices and internet) they need to teach and support pupils remotely.

Where used, staff have the appropriate training and support to use digital tools and resources, including how to ensure they are accessible for pupils with SEND.

Where possible, the training provided is sustained and iterative to ensure staff continue to support effective teaching practice remotely.

All teachers have their own laptops to allow them to work remotely where necessary.

All staff have access to the school site should they need an internet connection or are struggling with a data connection at home.

Guidance has been shared to all teachers to support the use of digital tools and resources with specific guidance as to how this can be tailored to individual circumstances.

Regular circulation of guidance as and when it becomes available.

Strategic Partnerships		
DfE Guidance	School Actions	Additional Information
	Marine Academy Primary is part of a much	
	wider Trust (Ted Wragg Multi Academy Trust)	
	where the sharing of good practice and	
	remote learning engagement is shared.	
The school is sharing best practice and	This also provides the opportunity to	
making best use of capacity across schools to	amalgamate ideas and ensure collaboration	
address any known gaps.	for local communities.	
	Data is recorded as per pre-pandemic using	
	Target Tracker. This is monitored by Leaders	
	for any relevant gap analysis which is shared	
	with families and children.	

Realistic Expectations of Pupils, Parents and Carers		
DfE Guidance	School Actions	Additional Information
Parents and carers have clear guidance on	Parents and carers have been provided with	Wookly family phono calls
how to support pupils at home, and how this	clear advice on how best to support children	Weekly family phone calls

is aligned to the remote education information required to be published on the school's website.

Pupils understand the expectations on how many hours they should be learning and how to participate in remote education (for example, how to submit assignments).

at home and this information has been personalised through the family phone calls. Information regarding remote learning can be found on the school website and further clarified though the weekly phone call and year group email addresses where necessary.

Children understand how they can participate in remote learning as this is reiterated to them through the virtual catch ups and also the weekly family phone calls. Leaders to reiterate expectations to children during catch ups, newsletter updates and Facebook posts where appropriate.

School website to be updated with relevant documentation and updated where new information is produced

School Community Events		
DfE Guidance	School Actions	Additional Information
Pupils are given regular opportunities to attend and participate in shared, interactive lessons and activities to maintain a sense of community and belonging, especially disadvantaged and SEND pupils.	Children attend weekly Virtual Catch Ups with their year group peers. This is a more informal session where they are able to interact with one another, teachers will share a story with children and also engage in a retrieval quiz. Families are reminded of how to access these during phone calls, Expression reminders and also Facebook reminders to ensure maximum participation. Any children not in attendance are contacted post catch up to encourage their involvement for the following week. Children are also able to engage in a live Starfish Assembly hosted every Friday to see children in their year group and share awards received that week for both children in school and at home.	Leaders are present during these sessions to ensure children are showing high expectations of etiquette during live sessions. This also reduces the workload of the teaching team and they can focus on engaging the children.

Ensuring Safety

keep children safe whilst they are online.	for all children.	
	Online Safety updates are shared in the	
	Newsletter each month.	

Wellbeing		
DfE Guidance	School Actions	Additional Information
Leaders, teachers and pupils are aware of how to spot potential wellbeing or mental health issues and how to respond. There are regular catch ups with pupils, one to one particularly for those that are most vulnerable.	Staff have consistently taken annual safeguarding training with scenario training across the year. This has prepared them to identify potential issues and how to report them accordingly.	Weekly family phone calls. CPOMS to share information. Unit meetings.

Mrs Keeler (Inclusion Leader) is available to	
speak to families who require specific support	
or need signposting to individual services.	
Weekly phone calls home to the families and	
children allow us to maintain contact and	
share well-being concerns. If we are unable	
to contact a child throughout a week, home	
visits will be taken.	
Staff are able to put in place strategies	
needed for children and families during Unit	
Meetings.	

Behaviour and Attitude		
DfE Guidance	School Actions	Additional Information
There are clear rules for behaviour during remote lessons and activities. Pupils know them and teachers monitor and enforce them.	Teachers share expectations for children regularly and remind families during weekly phone calls for any children who have not been upholding these standards. Leaders are present during these sessions to ensure children are showing high expectations of etiquette during live sessions. This also reduces the workload of the teaching team and they can focus on engaging the children.	Leaders to share guidance with teachers as to how best to manage behaviour during remote lessons. Research informed approaches from EEF and Doug Lemov used to support practice shared.
